AZ CORP COMMISSION  
DOCUMENT CONTROL

Re: Rate increase and choice of Water Company

We the undersigned are in opposition to the rate increase for THIM Utility Company, E & T Division, present water bills collected by Nordic Financial Corporation.

We also want the right to choose our water company. Most new residence in our area are using Tucson Water at a rate that is far less than ours.

As our Commission, we request that you look at the situation of the residences living in this area. Most are retired with fixed incomes or we have very low-income jobs. The last rate increase has made a great hardship.
